About Me

I'm an aspiring Web Developer with a strong foundation in HTML, CSS, JS & React. I enjoy creating clean, responsive, and visually appealing web pages. I'm currently focused on improving my front-end skills and excited to explore more technologies in the near future. I'm passionate about learning and building websites that offer a great user experience.

Projects

- **HTML/CSS/JS:** Homeland (marketing landing page), and Travel & Tours, Construction & Banker Saving.
- **HTML/Tailwind CSS:** Delish Bite & Development Agency.
- **React**: Simple Blog, Homeland (marketing landing page), and a Vagefoods site, all using React & CSS.

Frontend Development

- HTML , CSS , JavaScript , React (basic)

Key Focus Areas

- Responsive Web Design , Accessibility

Tools & Version Control

- Git & GitHub

Experience & Metrics

- Internship: 1+ Internship experience
- Projects: 10+ Projects completed
- Responsiveness: 100% of projects are Responsive
